

Market Levels Disturbing, Says Senate Witness

WASHINGTON (AP)—A CIO official and a Wall Street banker told the Senate's stock market inquiry today there are disturbing elements in the 1955 market.

CIO Secretary-Treasurer James B. Carey declared there is evidence the Eisenhower administration "has conspired to boost stock prices" until they have soared far out of line with the rest of the economy.

Carey said Secretary of the Treasury Humphrey's recent take-it-easy caution to the Senate Banking Committee was a confession that the administration's economic policies "are built on a will-of-the-wisp."

In other testimony prepared for the committee, investment banker Ferdinand Eberstadt said nobody can say for sure whether stock prices have gone too high.

"More disturbing than the present market level," Eberstadt said, "are security frauds and sales of securities which, while not technically fraudulent, are so worthless as to have the same effect on the buyer."

He said the committee's investigation, which he called timely and useful, already has put a "distinctly perceptible" damper on such practices.

Carey said the committee should step up its investigation to find out (1) "if we are as near to economic disaster as Mr. Humphrey has declared," or (2) whether Humphrey "is merely trying to buffalo this committee, the United States and the American people into an unquestioning, silent acceptance of the trickle-down economic theories propounded by Mr. Humphrey and his Cabinet associates."

Nims Dictator, Rahoi Charges

LANSING (AP)—Sen. Philip Rahoi (D-Iron Mountain) lashed State Revenue Commissioner Louis M. Nims on the Senate floor Wednesday.

He accused Nims of being a "dictator" who tried to force State Geologist H. J. Hardenberg to cut the assessment of mines 70 per cent in Iron County.

Nims disclosed Wednesday that, on the advice of a former attorney general, he had advised Hardenberg, who assesses the mines, to bring mine assessment into a truer relation to other property before a State Supreme Court order to use state equalized valuations as a basis for local taxes is obeyed.

Nims said he had rescinded that suggestion on the advice of the present attorney general.

Rahoi said that Hardenberg "was afraid of his job and told me he was forced to take the recommendations of Nims."

The state geologist is a civil service employee of the Conservation Commission.

Rahoi said Nims "Paved the way for the mining companies to take a cut and place the tax burden on the common people. We have 12 per cent of our people unemployed and now they are trying to put this burden on us."

CLINTON, Conn. (AP)—Five men, four of them stock car drivers, were killed here early today when their car crashed into a trailer truck.

State police said the car was traveling at high speed and failed to round a curve on the heavily traveled U.S. Route 1.

Democrat Tax-Cutting Drive Settles Into Waiting Game

WASHINGTON (AP)—The congressional battle over a Democratic tax-cutting drive settled today into a nervous waiting game.

The issue rested for the time being with a Senate-House conference committee not scheduled to meet until next week.

Meanwhile, both sides fired new verbal blasts. Rep. Daniel A. Reed (R-NY) said Democratic insistence on an income tax cut year could bring an "unconscionable windfall" to the liquor industry.

The dispute is delaying action on a bill which would extend present corporation and excise tax rates now due to expire April 1. Unless the extension is voted, liquor taxes would drop from \$10.50

to \$9 a proof gallon, and Reed said that would give the liquor industry a "windfall" of 132 million dollars.

House Speaker Rayburn (D-Tex) and Rep. Boggs (D-La.) discounted any such possibility. They

said agreement would be reached by April 1.

The conference committee was appointed Wednesday to iron out the sharp dispute involved in tax bills passed by the house and Senate.

The Senate bill provides only a one-year extension of the corporation and excise taxes. The House bill, in addition, would cut taxes \$20 a year for each taxpayer and each dependent, starting next Jan. 1.

House Minority Leader Martin (D-Mass) and Deputy GOP Leader Halleck (R-Ind) expressed strong confidence the conference committee eventually would accept the Senate bill.

Russia Revealed As Violator Of Big Three Pact

WASHINGTON (AP)—Publication of long-secret Yalta papers failed today to still the controversy that has raged for a decade over the wartime Big Three meeting.

The half-million-word American record of the historic session was made public Wednesday night by the State Department, reportedly over the objection of Prime Minister Winston Churchill.

Secretary of State Dulles had said only Tuesday that the 834 pages of documents would not be made public now.

Stalin Threat Disclosed
The papers disclosed that Premier Joseph Stalin had made a veiled threat of "difficulty" in taking Russia into the war against Japan unless President Roosevelt agreed to sweeping concessions.

Roosevelt did agree, giving Russia new strategic positions in the northwest Pacific and a powerful hand in Manchuria.

The record disclosed also that Roosevelt told Stalin and Churchill it was "very embarrassing" to him to yield to another Russian demand for Ukrainian and White Russian membership in the United Nations—giving Russia three votes in the General Assembly.

And they disclosed long arguments by Roosevelt and Churchill with Stalin over their demands for creation of free governments in postwar Poland and other liberated Eastern European countries.

Red Rule Extended
Stalin agreed to a declaration and procedures for setting up democratic regimes. But within a few years the Soviets solidified Communist rule from the Baltic to the Black Sea.

The Big Three conference was held at Yalta in the Russian Crimea in February 1945. Roosevelt, Stalin and Churchill had met some months earlier at Tehran, mainly on coordinating military strategy against Nazi Germany.

At Yalta they grappled with great political issues, including the future of Germany. The record shows they agreed on "dismemberment" of Germany in principle but not on how it should be cut up.

But the overriding problem was Russia's prospective entry into the war against Japan. Russia agreed to come in once Germany was defeated. The war in Europe ended May 7, 1945. Russia entered the conflict with Japan on Aug. 9, 1945, three days after the United States dropped an atomic bomb on Hiroshima. Japan surrendered Aug. 14, 1945.

The agreement between Roosevelt and Stalin on Russian entry into the Pacific war has produced years of political controversy in the United States.

Price Too Stiff
Many Republican senators and others denounced Roosevelt's concessions as an unnecessary grant of position and power to Stalin. Roosevelt's defenders have replied it was the price he had to pay to assure Russian military action against Japan.

Sen. Capehart (R-Ind) called Roosevelt's action in agreeing to Stalin's Far East demands "an almost unpardonable error." Sen. Humphrey (D-Minn) said publication was aimed "to satisfy the more vitriolic elements of the Republican party."

Two deletions were made at the request of Churchill, the only surviving member of the wartime Big Three. Adjacent paragraphs indicated they concerned Churchill's ideas of France's postwar position. Even with these and possible other omissions, Churchill had declined to agree to the publication.

There were no major disclosures. The chief results of the Yalta conference had long since been known.

Islands Taken Over
The Far East concessions permitted Russia to take over the Kurile Islands north of Japan, the southern half of Sakhalin Island and operation of the Chinese eastern and south Manchurian railroads. The Russians also gained rights in the Chinese port of Dairen and the lease of Port Arthur as a naval base.

Except for the Kuriles, these were rights or positions which Russia had held 50 years before, then lost in 1905 through war with Japan.

In a meeting with Roosevelt at Yalta Feb. 8, 1945, Stalin said that if his conditions were not met "it is malignant."

Schroth, in announcing the "momentous decision" to shut down the only major daily newspaper in a community of nearly three million, added:

"On January 28 the paper had 130,000 circulation on weekdays, 165,000 on Sundays, and many loyal advertisers. It also had 630 employees."

"Now it has nothing. No circulation. No advertising. No employees."

"So the Pulitzer Prize-winning paper of (poet, Walt) Whitman, (the founder, Isaac) Van Anden and (crusading editor, St. Clair) McKelvey has been silenced forever..."

Political Spending Of CIO Draws Fire Of Michigan G.O.P.

LANSING (AP)—Michigan Republicans' attempt to make campaign capital out of the CIO's political spending blew hotter today.

John Feikens, state Republican chairman, told a GOP Senate caucus, that "We have no quarrel with unionism or union members but object to the fact that the members must pay union dues to keep their jobs and that their political bosses of the CIO use that money to hit us over the head with."

Feikens went before the caucus to present what he said was more "evidence" that CIO unions and the CIO Political Action Committee were engaged in improper political activity. The Republican Central Committee has asked for a legislative investigation.

Feikens and Attorney General Thomas M. Kavanagh crossed swords, at the same time, over Feikens' earlier demand that Kavanagh, a Democrat, force the PAC to file official reports of its campaign contributions. He accused the PAC of violating a state law requiring such reports from any group engaged in political activity.

Kavanagh used the biblical "Let him without sin cast the first stone" in his reply to Feikens.

Feikens retorted that Kavanagh was being evasive, that the Republicans believe anyone engaged in political activity should make their spending a matter of public record.

Feikens told the senators that: Local 600, CIO United Auto Workers in Detroit, the "largest local in the world", has a \$37,044 election fund according to its last published financial statement.

That Local 600 assessed its members 15 cents each for a spring primary and election campaign fund in the Detroit area.

Feikens said he recently talked with CIO union officials of the Chrysler tank plant and "found the rank and file members and officers concerned about their political leaders drawing an iron curtain between the rank and file and the Republican party."

Erin found a way of "drowning the Shamrock" with a toast to the Emerald Isle's patron saint.

"Dia's Muire Dhuith" (God and Mary with you) falls softly on the ear in Gaelic and the singing reply "Dia's Muire Dhuith Agus Padraig" (God and Mary and Patrick with you.)

A big parade marking Ireland's industrial development was the highlight in downtown Dublin.

There were floats and flowers, kilted colleens and skirling pipes.

The baton carried by Chief Marshal William Toomey came all the way from New York where thousands of Ireland's sons and daughters were celebrating too.

A full sports program set the pace for the holiday mood—hurling and Gaelic football games in Croke Park and a big dog show at Ballsbridge.

And the back of the hand to anyone who suggested the fact the dog show was given a special license to open a bar had anything to do with the robust attendance.

LANSING (AP)—For the second time, the Senate has defeated legislation to free first degree murderers after they have served 17 years in prison.

They now serve mandatory life sentences unless the governor commutes their sentences or pardons them.

The measure defeated 16-15 a few days ago, was suddenly taken from the table Wednesday and defeated again 17-15. Eighteen votes are needed to pass.

Sen. Harry F. Hittle (R-East Lansing), the sponsor, obviously thought he had the votes when he took the bill off the table for its second run. But Sen. Don Vander Werp (R-Fremont), who beat it the first time, gave it the second and final death blow.

Then in an unprecedented action, Hittle persuaded the Senate to table the bill again so that he could rescue a single provision which would, in effect, allow persons sentenced before 1953 to serve consecutive sentences concurrently if the parole board permits.

Vander Werp said that "When some man comes in a house and deliberately slashes a mother or a father he is guilty of a crime he can't pay for in 17 years or in seven times 17."

Churchill Finds Serious Mistakes In Yalta Version
LONDON (AP)—Prime Minister Churchill told the House of Commons today the Yalta papers released in Washington were "of course the American version and in no sense an agreed official record of the powers concerned."

Churchill said: "I have not seen anything but the extracts which now are appearing in the press. Even these disclose some serious mistakes."

Railroad Sues Union Strikers

LOUISVILLE, Ky. (AP)—The Court of Appeals will serve as judge today in the legal tug-of-war arising from the four-day-old Louisville & Nashville Railroad strike.

The railroad's goal: restoration of an order forcing train crews to cross picket lines erected by 25,000 strikers in 14 states. Arguments will be heard in Frankfort.

After suspending all passenger trains Wednesday about 50 were involved) the L. & N. sued two groups of unions for a total of \$645,000 for alleged damages resulting from the walkout.

The Circuit Court petitions also ask \$215,000 each day the 10 AFL nonoperating unions continue their strike.

The six operating unions, which have been respecting picket lines, were accused of breaking their contract with the railroad by not operating the trains.

No hearing was set on the damage suits but the unions have 20 days in which to reply. They declined comment Wednesday night.

Although the L. & N. estimated freight operations were "50 to 70 per cent of normal" along the 4,737-mile line, the lack of railroad cars has idled nearly 14,000 coal miners in Kentucky.

The shortage also was blamed for the closing of five central Kentucky plants and some in Nashville, Tenn. The Ralston Purina Co., largest rail shipper in Nashville, expected to halt operations today.

CHICAGO (AP)—A pension plan covering 200,000 workers in 23 states — termed the largest ever negotiated between a single union and management — was agreed upon Wednesday by 100 negotiators.

The agreement bound some 10,000 trucking firms in the central, southeastern and southwestern regions of the nation and the AFL Teamsters Union.

A union spokesman termed the pension agreement the largest ever negotiated between a union and management. One hundred negotiators, equally divided by union and management representatives, hammered out the agreement. Exact details of the plan were not made public.

Union workers to benefit from the pension fund include drivers, helpers, warehousemen and other miscellaneous workmen in the trucking industry.

The pension fund will be administered by a 12-man board of trustees, equally divided between union and management representatives. Employers began paying \$2 weekly into the fund for each man Feb. 1 pending the outcome of negotiations.

All amendments to the plan will be passed upon by a 36-member advisory board, empowered also to break tie votes among the trustees.

Strike Of CIO Guild Folds Up
NEW YORK (AP)—The publisher of the 114-year-old Brooklyn Eagle says the newspaper's presses have been "silenced forever."

Publisher Frank D. Schroth announced Wednesday that the Eagle, struck last Jan. 29 by the CIO American Newspaper Guild over a wage dispute, would never publish again.

But a Guild spokesman said the union intended to maintain picket lines on the basis that the strike was still on. And a federal mediator said he would seek to set up a fresh mediation conference today.

Problem Hopeless
When the 315 ANG members, editorial and business employees, went out, an equal number of employees belonging to 8 of 10 craft

unions refused to cross picket lines.

In a letter to the ANG and the craft unions, Schroth said:

"Faced with the choice of accepting terms that would have doubled the great financial loss of 1954, or of suspending completely, we have chosen to quit. In these circumstances there is no hope for us. The Newspaper Guild problem

is malignant."

Study Decision In Police Case

A decision on disciplinary action to be taken by City Manager A. V. Aronson in the case of Police Sgt. Henry Wait Jr. will be announced tomorrow, the city manager said today.

The city manager today was continuing to investigate an incident of early last Sunday morning, in which Sgt. Wait was involved. Sgt. Wait was not on duty at the time.

Sgt. Wait was driver of a car that was pursued by police several times for about one and one-half hours, the city manager said. He added that Sgt. Wait admitted that he was driver of the car for the period of the chase with police, and not just for about 15 minutes, as Sgt. Wait previously reported.

Three police patrol cars and five police officers were involved in the chase of the car driven by Sgt. Wait, which was owned by the Mercury Sales Agency of Marinette and was brought to Escanaba by a salesman to demonstrate. The car stopped between Escanaba and Gladstone and it was then that police discovered that Sgt. Wait was the driver.

The city manager said that he is completing the taking of statements from police and others with knowledge of the case, and that he expects to announce a disciplinary action tomorrow.

Aid Offered On Intangible Tax

On Monday, March 21, George Peterson, representing the Michigan Department of Revenue will be at the City Hall, Escanaba, between the hours of 1 to 5 p. m. for the purpose of assisting taxpayers in the preparation of their intangibles tax returns due not later than March 31.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable, corporate stocks, corporate bonds and other similar types of property. However, all United States bonds, are exempt from the tax, and the tax on deposits in Michigan banks and building and loan associations, as well as stocks in Michigan banks, will be paid to the Department of Revenue directly by the banks or building and loan associations.

Under the present law as amended by the Legislature in 1945, all corporate stocks are 100% taxable including Michigan Corporations.

The Department has issued a warning to all owners of property, such as is outlined above, to file the necessary return forms prior to March 31. The Revenue Department is constantly engaged in checking stockholders' lists, mortgage records, income tax returns and other data for the purpose of discovering evasions of the Intangibles Tax Act. Failure to file a return when a tax is due subjects the taxpayer to severe penalties.

In addition to assisting taxpayers in the preparation of their returns, Mr. Peterson will also be glad to advise any person concerning his liability, if any, under the Intangibles Tax Act.

Those desiring this advice or assistance are requested to bring with them full information concerning their holdings, including the face or par value, and income received therefrom during the year, and copy of the previous year's return filed with the Department.

Peterson will be at the Court House in Manistique Tuesday, March 22, from 1 to 5 to assist taxpayers there.

Norman Risk will be at the Falls Hotel in Newberry Wednesday, March 23 from 8 a. m. to 1 p. m., and Kenneth W. Pelkie will be at the Legion Building in Munising on Wednesday, March 23, from 1 to 5 p. m. to assist taxpayers in those areas.

Hand Amputated As Result Of Accident

Word has been received by Mr. and Mrs. Joseph LaChance, 314 N. 16th St., that their son, Wilfred J. Derusha, Detroit, recently underwent amputation of his right hand as the result of injuries received while working at Battle Creek.

Wilfred Derusha will be hospitalized for six to eight weeks. Friends may write him at Leila Hospital, room 336, Battle Creek, Mich.

Wm. Oberdorffer Of Stephenson 100 Years Old Friday

STEPHENSON — William J. Oberdorffer will observe his 100th birthday Friday in a little yellow cottage on a lane that bounds the Village of Stephenson on the south, where he lives with the former Adelaide Corey, whom he married 68 years ago.

The Oberdorffers plan to spend his birthday anniversary quietly. Of course, they'll be home to old friends, among them Albert Kipper, chairman of the Menominee County Board of Supervisors, who has a pleasant duty to perform. He will present Mr. Oberdorffer with a framed copy of a resolution which the County Board adopted at its February meeting. The resolution pays tribute to Mr. Oberdorffer's long and distinguished record in public service, and cite the respect and high esteem in which he is held publicly.

The Oberdorffers can do without all the hustle and bustle that sometimes go with birthday celebrations. They have many memories to cherish. Few couples have seen so much of Menominee County history unfold and fewer have been more intimately identified with the unfolding. Together they hewed one of Stephenson Township's finest farms out of a timbered wilderness; waited 10 years before they bought a cow, when they did, started the first high-bred Holstein herd in the county.

Always retiring, Mrs. Oberdorffer has been content to let her husband bask in the spotlight of civic accomplishments and public service. Her only effort in this respect was back in the mid-1880s. She was active in a local temperance society at Stephenson.

So was Mr. Oberdorffer and it was this meeting that led to their marriage in 1887. Hers has been a good wedded life, including the raising of two daughters, both now widows.

The framed County Board resolution should stir in Mr. Oberdorffer many a memory, since it cites some of his outstanding public services. They range from being a framer of Michigan's present State Constitution down to the lowly judicial tasks of a justice of the peace. In between, there were services as a State legislator; a member of the State Board of Agriculture; long service on the Menominee County Board of Supervisors; the Stephenson Township Board of Education and the Stephenson Village Council. State Offering Iron Ore Land

The Michigan Department of Conservation is advertising for iron ore lease on a total of more than 4,000 acres of state-owned land in three townships in northern Delta county.

The Conservation Department reported that "a large iron ore production firm asked the sale after recent geophysical explorations." The firm was not identified by name.

Cleveland Cliffs Iron Company is, however, at present conducting test drilling for iron ore in the area north of Perkins in Delta County. The fact that exploration began last year and is being continued has led to the assumption that the findings have been encouraging.

The state's iron ore lease sale will be conducted at 10 a. m. April 5, at Lansing. Leases on state-owned mineral lands for iron ore exploration and mining will be offered at public auction.

Most of the acreage to be offered for sale is in Maple Ridge and Baldwin Townships, it was reported. The townships and the iron ore lease acreage in each is as follows:

Maple Ridge—2,880 acres; Baldwin—932.96 acres; Masonville—240 acres.

Many historians claim that the 1844 discovery of iron ore at Negaunee in northern Michigan was of far greater importance to the economic and industrial development of America than the California gold rush several years later.

Kiwanians Mark 2 Anniversaries

A dinner party and ladies night program Monday evening will mark two anniversaries for the Escanaba Kiwanis Club. The local club is observing its own March 16 33rd birthday and this year is also the 40th anniversary of Kiwanis International.

The program Monday night will be at the House of Ludington, starting with a dinner at 6:30 p. m. John J. Bartella is chairman in charge of arrangements. In addition to local Kiwanis Club members and ladies, there will be delegations from Iron Mountain and Marquette, two other clubs in the district.

Musical numbers and talks by prominent Kiwanians are scheduled on the program.

Health District Budget Hearings Held In Escanaba

Budget hearings for health districts in the Upper Peninsula were concluded in Escanaba yesterday morning by Dr. Douglas H. Fryer of the local health service section, and Merritt Bourne, finance section, of the Michigan Department of Health.

They returned to Lansing yesterday by plane. The hearings sessions opened Tuesday. Health district representatives attending the meeting were as follows:

Dr. Donald Cowen, Sault Ste. Marie, director of the Chippewa-Luce-Mackinac district; Dr. R. A. Teaman, Manistique, of the Alger-Schoolcraft district; Dr. W. A. Werner, Iron Mountain, of the Dickinson-Iron district; Dr. William C. Harrison of Escanaba, Delta-Menominee district; and Harry Vivian, Sanitarian, of the Copper Country district.

Stephenson Voters Re-elect LaComb

STEPHENSON—Joseph B. LaComb, unopposed for re-election as president of the Village of Stephenson, polled all of the 52 votes cast in Monday's annual election. The rest of the slate also scored almost complete shutouts, as there was no opposition for any of the offices.

Carl Winter is clerk; Frank Lienna, treasurer; and Kenneth Rickaby, incumbent, Walter Disneau and Carmen Anderson trustees. Disneau and Anderson will replace Peter Rose and Alex Horvath, who did not seek re-election.

Holdover trustees are Donald Johnson, Joseph Beaudoin and Ward McNeal.

Favor Milk Program

The Stephenson Teachers Club which studied plans for providing more milk to pupils during the school day, favors distribution of milk to high school students during a mid-forenoon and mid-afternoon break. A committee has been appointed to organize a plan of distribution on an experimental basis. The board of education approves of any practical plan that will supply school children with more milk during the school day.

Schools Close Monday

All schools in the mid-county area of Menominee County will be closed all day Monday, March 21, while teachers attend a County Institute in Menominee. The theme of the conference will be Curriculum Design. Dr. Robert Fox from the University of Michigan and Dr. Carl Gross from Michigan State College will be the principal workshop leaders. Teachers will be divided into small groups to discuss curriculum problems.

Motorist Fined For Intoxicated Driving

Bernard Boursaw, 22, of Ensign, yesterday pleaded guilty in Justice Henry Ranguette's court to a charge of driving while under the influence of intoxicants and was ordered to pay a fine of \$50 and costs of \$5.

Escanaba police arrested Boursaw at 9:40 p. m. Tuesday in Wells Township after they followed him out of the city in a chase at speeds over 80 miles an hour. They overtook him when he ran off the highway and slumped over the wheel of his car, they reported.

Meditations for LENT

By DR. J. CARTER SWAIM
Dept. of English Bible,
National Council of Churches
Written for NEA Service

Jesus taught that temptation has its origin in inner desire. James 1:15 gives an interesting analysis of the psychological process by which evil desire comes swiftly to its logical conclusion: "desire when it has conceived gives birth to sin; and sin when it is full grown brings forth death." This is illustrated in the Genesis story of how sin entered the world. Our first parents desired what was not for them. Desire led to disobedience, and disobedience resulted in expulsion from the garden.

This is precisely paralleled, alas, in contemporary human experience. The bank official has the desire to enjoy luxuries which he cannot afford. The desire leads to falsification of accounts. He gets away with this for a time, but when his sin is full-grown he can no longer conceal the juggled entries, and his career ends in disgrace.

A poor boy desires to drive a car, as other boys do. His parents cannot afford one and so he steals.

Not knowing how to drive, he violates traffic laws, steps on the gas to escape the cops—and journey's end comes in death on the highway.

It is sobering in this connection to remember that others may want to follow our manner of life. Do we live in extravagance that arouses envy? High school youngsters desire to drink as they have seen their parents do. Their joy ride ends in head-on collision, and death for all. Desire, sin, death—it is a logical and fatal sequence. The only place to stop it is before it begins.

Ballot Wording Law Cleared Up

LANSGING (P)—An Attorney General's opinion Wednesday released Supreme Court Justice ballots in about 40 counties which had been held up by the Department of State.

Dep. Atty. Gen. Horace W. Gilmore said the delay arose out of "unclear" language in the state election laws.

He said some counties, printing the non-partisan judicial ballot for Supreme Court Justice, had inserted over the name of each candidate the subtitle "Justice of the State Supreme Court" as well as the major title at the head of the ballot. Others had not used the subtitle.

"The subtitle is required by law on the partisan ballot," Gilmore said, "but the law is not clear on the non-partisan ballot. So I advised the Secretary of State that use of the subtitle is optional with the county clerks."

Gilmore said the controversy had no connection with an "incumbency designation" on the ballot. There were rumors that Democrats sought to have their candidates, Circuit Judges Stephen J. Roth of Flint and Eugene F. Black of Port Huron, listed as incumbent judges on the ballot.

"By no stretch of the imagination are Judges Roth and Black entitled to the incumbency designation," Gilmore said. "That question was never raised."

Gilmore said also that his office had held that political parties are entitled to have their party vignettes at the top of township ballots.

Man wanted to work in dynamite factory. Must be willing to travel.

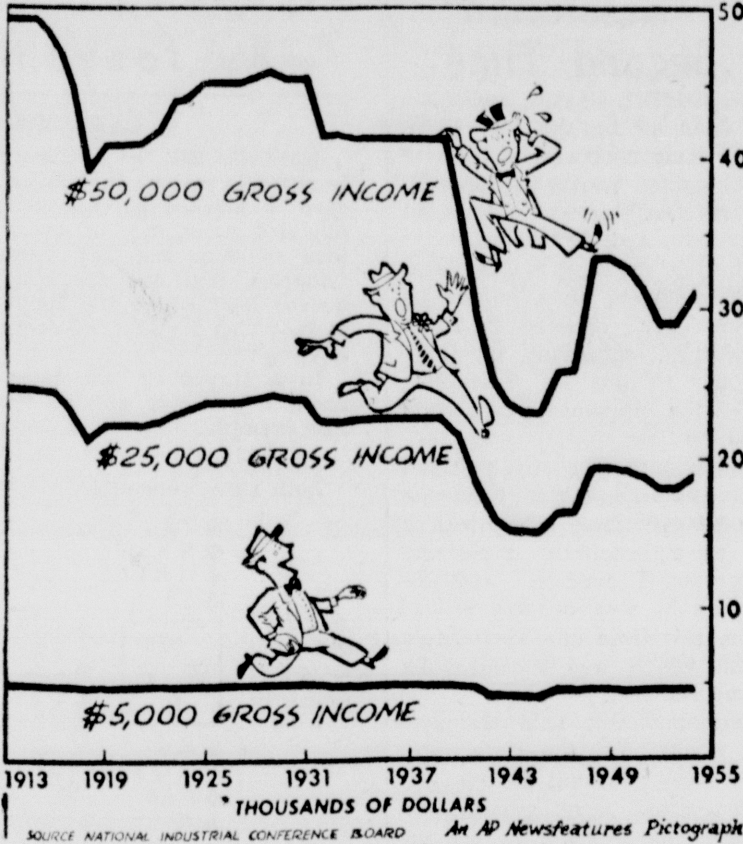

The above ad appeared in a French newspaper. We often wondered who took that job. And speaking of traveling where would you go to find anything that would clean carpets like the new Triple Strength Fina Foam.

It's made from an entirely new formula. You add water to turn one gallon of concentrate into three gallons of ready to use foam cleaner.

Another innovation is the long handled brush to apply the foam that makes cleaning so easy. The nap is left open and fluffy. The dirt is removed consequently there is no rapid re-soiling. One gallon of concentrate for \$2.25 cleans three 9x12 rugs.

Pittsburgh Store Delivery Tieup Ends After 16 Months

PITTSBURGH (AP)—Department store delivery trucks began rolling today—signaling the end of a nearly 16-month long strike at five downtown stores.

The last remaining pickets were removed from the stores Wednesday by three small unions. That cleared the way for the return to work of AFL teamsters and other AFL workers who walked out at the start of the strike in November, 1953.

Until Wednesday, a small group of teamsters had refused to cross the picket lines set up by the three unions.

The five stores—Gimbels, Kaufman's, Frank & Seder, Rosenbaum's and Horne's—continued to operate as usual during the strike, the longest of its kind in the city's history.

The teamsters and the 11 other AFL unions involved in the walk-out were all seeking improved wages and working conditions.

Russia Revealed As Yalta Pact Violator

(Continued From Page One)

Sen. McCarthy (R-Wis.) called on President Eisenhower in the Senate Wednesday to "announce the support of his administration for formal congressional action repudiating the Yalta agreements."

Knowland, Republican floor leader, did not comment on McCarthy's demand. But he said in an interview that as far as he is concerned, any action will have to await "full study" of the 1945 conference record made public Wednesday night by the State Department.

McCarthy told the Senate that Republicans had failed to live up to a 1952 platform pledge to repudiate the Yalta agreements.

He blamed Eisenhower's brother Milton and "holdovers from the Roosevelt regime" for swaying the President from a policy aimed at "liberation" of the Iron Curtain countries to one of "coexistence" with communism.

"I merely mention Milton Eisenhower because he is typical of the palace guard of New Dealers which lead Ike around without his knowing exactly where they are taking him," McCarthy said.

Wall Street

NEW YORK (AP)—The stock market entered a new phase today in its sharply swinging reaction—quietly mixed.

Prices gained or lost small amounts with the exception of a handful of wide movers affected by corporate developments.

During the past two weeks, the market has plunged down in a major reaction from an historic high level, and then in the past two days it has been in a strong recovery movement retracing about 40 per cent of the extreme loss.

Trading today was at an even more modest pace than Wednesday when the total came to 2,900,000 shares.

Lower today were steels, aircrafts, and railroads. Higher were radio-televisions, most chemicals, and airlines. In a mixed category were oils, coppers, and building materials. Others were steady.

Feature of the session was the sharp advance of Remington Rand and Sperry Corp. Following the announcement that they planned a merger.

U. S. government bonds were lower.

Marquette Tables Ferry Resolution For Quick Time

MARQUETTE—Action again has been deferred by the City Commission on a proposal by the city of Menominee providing for added ferry boat service between Menominee and Frankfort.

At its last meeting in February, the Commission, on a motion by Commissioner Richard C. Hammerschmidt, supported by Commissioner Victor L. Tuominen, ordered the Menominee resolution placed on file.

Monday night the city received another communication from the city of Menominee, along with a copy of a brochure explaining the proposed service, and the letter again was ordered placed on file, this time on Tuominen's motion, which was seconded by Hammerschmidt.

Hammerschmidt said the proposal would have the state automobile ferry augment the Menominee-Frankfort ferry system.

Commissioner Lynn H. Halverson recalled that at the February 28 meeting of the Commission he said Marquette ought to apply for the ferry boat service "by way of the So Locks."

Mayor L. W. Brumm said the state is losing money on the auto ferries now. "I don't know why we're building the Stra

Deaf Learn To 'Hear' Speech With Their Eyes

WASHINGTON—Eighty years ago Alexander Graham Bell wrote, "It is impossible to teach the deaf to hear speech with their eyes."

In the March issue of the National Geographic Magazine, Lillian Grosvenor, granddaughter of the man who invented the telephone and who spent much of his life furthering education for the deaf, tells how such work is now being carried on.

The article, called "Deaf Children Learn to Talk at Clarke School," is filled with heartwarming examples of the freeing of boys' and girls' minds through lipreading and speech, the oral method.

Emphasis on Talk
Yet how does it come about, the author wondered as she watched little Bobby strain to distinguish drum, cowbell and horn sounds in a beginner's lesson. "How can he read lips if he doesn't know words and sentences? How can he think? His mind is trapped in a soundproof prison, and until he learns language it cannot grow and develop."

The Clarke School for the Deaf at Northampton, Massachusetts, has wrestled with these problems since it was founded as a pioneer in the oral teaching movement back in 1867. Dr. Bell himself was active there for 15 years as teacher consultant, researcher, and president of the board.

Today, new teaching techniques and modern electronic equipment offer valuable aids. But basically the system remain the same—the building of vocabulary and association of words with objects and actions. Always the emphasis is on talk, not gesticulation.

One of the first things the child learns at Clarke, the author reports, is to make the most of his hearing, however slight. Once he understands the connection between sound and movement of lips he has grasped the all-important principle of ear and eye teamwork.

Powerful group-hearing aids help. For even the unintelligible drone of natural voices is useful in regulating the deaf child's speech.

Laura Says First Word
Total deafness is rare, Miss

Grosvenor points out. Specialists grade those with hearing difficulties as hard of hearing, partially deaf, and profoundly deaf. Moreover, deaf children are seldom mute. They have normal speech organs that need only to be trained and used.

From an observer's alcove, the author saw a pretty little girl begin the process of learning to speak. Facing a mirror with her teacher, blue-eyed, dimpled Laura tried to imitate teacher's lips in making sounds, while at the same time her tiny hand was pressed first against the teacher's face then back to her own, to feel the vibrations.

Before the lesson was over, the child uttered her first word. "She had no way of knowing," says Miss Grosvenor, "that it lacked resonance and was not perfectly spoken. She was jubilant. So was

her teacher, and so was I."

Words Gain Meaning

Mysterious words take on meaning in Clarke's classrooms through pictures and models of objects. Cheek muscles that lack the exercise of normal chatter are developed by puffing against strips of paper. The children blow candle flames to develop breathing control and often pair off for practice conversation on subjects of special interest.

Nor is general education neglected. The 144 students, in primary, middle and upper groups, study English, geography, history, mathematics. They take courses in art, domestic science, physical and vocational training.

"Almost all Clarke graduates enter regular high or prep school," the principle told Miss Grosvenor. "If they don't go on, we have the satisfaction of knowing we have equipped them to use speech in jobs in the learning world."

School Met Need
The founding of Clarke School had curious historic effect.

In the 1860's, the four-year-old daughter of a Cambridge, Mass-

achusetts, lawyer, Gardiner Green Hubbard, was deafened by scarlet fever. Her parents sought help from schools for impaired hearing, but not one, says the author, believed little Mabel Hubbard could keep her speech.

The family determined to teach the child at home. Striking out in the dark, they hit on successful oral methods much like those of today.

To help other children, Mr. Hubbard appealed to the Massachusetts Legislature to appropriate funds for the nation's first oral school. The effort failed at first, but eventually bore fruit.

Establishment of the school set in motion a far-reaching chain of events. It started with the appointment of young "Prof. A. Graham Bell" and his introduction to Mr. Hubbard, and still later he and her father joined in forming the National Geographic Society.

Blue Bonnet Margarine Gives Your Children ALL THE NOURISHMENT OF THE "HIGH-PRICE" SPREAD

NO OTHER MARGARINE tops the nourishment of BLUE BONNET. For BLUE BONNET Margarine gives your family all the Milk Minerals, Vitamins and Food Energy of the "high-price" spread!

Yes, all the nutritional benefits that growing children can get from the best grade of the "high-price" spread are in today's BLUE BONNET Margarine. All the Milk Minerals—the calcium and phosphorus! All the Vitamins! BLUE BONNET, in fact, has 4 times more Vitamin D than the "high-price" spread—and it is a more dependable source of Vitamin A the year round. It also contains Vitamin E. And BLUE BONNET gives your family all the valuable Food Energy they could get from the "high-price" spread.

MORE DEPENDABLE FOR FLAVOR, TOO
You'll love BLUE BONNET's fresh, delicate, sunny-sweet taste. It is always the same—delightful on bread and in all your cooking. And BLUE BONNET is smooth spreading. Insist on BLUE BONNET Margarine always for all 3: FLAVOR! NUTRITION! ECONOMY!

KEEP THE RECORD STRAIGHT!

- Let's Not Misconstrue The Facts -

In last night's paper the City Government ran an advertisement containing obvious misconstructions in regard to the "Question and Answer" booklet distributed by the Upper Peninsula Power Company.

Here is what our booklet said:

"Q. Are all three proposals being voted on at the April 4th election?

"A. No, only the Upper Peninsula Power Company's proposal is subject to this election, following its acceptance by the City Council which decided to put the Company's offer to a vote of the people."

In the City ad a tortured effort was made to misconstrue this statement. Isn't it clear to you that the council accepted our proposal for submission to the voters?

The second section of the City ad contained even more misconstructions.

Our booklet said:

"In our considered judgment, after a careful study of taxes and all other factors, the City would receive income of approximately \$100,000 in the first year if the Upper Peninsula Power Company were operating here."

Let's look at the figures. Using present tax rate and equilization values on the generating plant, distribution system, substation, and materials and supplies, we would pay the City \$25,-256 in taxes during our first year of operation. Add another \$50,000 for interest and repayment of present bonds. Add another \$30,000 for taxes and interest on investment paid into the general fund by the other utilities.

Total these figures and it comes to \$105,256! We were on the conservative side in our estimates!

The City ad ignored any taxes but those on the generating plant. It ignored the fact that the Company proposal said of its payment for the distribution system, "For example, it could be used to retire the city's present indebtedness thereby saving interest and retirement payments of approximately \$50,000 a year."

Those are the facts!

By the way, did you get your "Question and Answer" booklet? If you want one, so you can judge for yourself, a limited supply is available. Phone us at 3820 and we will be glad to send you one—so long as the supply lasts.

Varied Problems Facing Schools

ANN ARBOR (AP)—The lack of teachers and school buildings is not the beginning and end of Michigan's school problems. It's just the beginning.

That's what Prof. Howard R. Jones, a member of the State Advisory Committee on School Finance, believes there are some curable problems on local and state levels.

School districts need reorganization badly, Jones feels, and so does the distribution of state aid.

There are some 4,000 school districts in the state now, Jones said, and they can be consolidated to 300 or 500. Of the 4,000, Jones said, 700 have no schools.

Another 100 districts have high schools with less than 100 students Jones said.

"Consolidation provides school districts with a broader tax base, a broader curriculum and better facilities," Jones said. "Consolidation does not necessarily mean consolidation of the school plant."

It does mean, he added, that school districts can get together, pooling their resources and their students to provide a "better educational program."

A revision will have to be made

in state aid to schools too, Jones said. The state currently sets aside two cents of the three cent sales tax for school aid.

This year, they are being asked to underwrite 184 million dollars in aid, insuring that the money would come from the state general treasury, if the sales tax funds are insufficient.

BURGLARS USE MAIL

CHICAGO (AP)—Harold Hartzlett paid the postage on a package containing 13 \$25 savings bonds and some insurance policies stolen from his apartment.

The burglars who took them kept \$250 cash, a silverware set and an alarm clock valued at \$120.

Going Straight Will Pay Dividends

HIGH POINT, N. C. (AP)—Judge Allen H. Gwyn sentenced Neil Henderson 18 months, for burglary, suspended for five years. Bond was set at \$1,000, payable at the rate of \$10 a week. But Henderson was ordered to keep paying each week for the entire suspension period. At the end of that time, if he hasn't violated suspension terms and gone to prison, Henderson may withdraw the entire amount—\$2,600.

Parades Are Planned For St. Patrick's Day

WASHINGTON—The parades and balls of St. Patrick's Day—enough to bedew the eyes of any broth of a lad or colleen—sound again the Bishop's fame this March 17th.

There'll be speeches sure like no others and kinsmen to show what they'll do for the old sod's sake. A Boston butcher once dyed his hair green, and in Detroit a mother put green diapers on her two-week-old son. And George Washington himself at Cambridge, Massachusetts, on a March 16 made "St. Patrick" the army's

password and picked as officer of the day—whom? John Sullivan, begorra!

New York City, enough of a place to hold the big day, throbbed last year to so many St. Patrick marchers that they required five hours to pass. New Yorkers on March 17, 1779, witnessed an earlier flash of prancing green. Some 400 "Volunteers of Ireland" swung from lower Broadway to the Bowery and a handsome feast, the National Geographic Society recalls.

Parades Grew Bigger

The parades enlarged in the 1850's with the growth of Irish im-

migration to America. Under a spell of pumping bassoons and buttoned shamrocks, many persons of non-Gaelic roots donned something green on St. Patrick's Day.

Long before, Washington had become an honorary member of The Friendly Sons of the St. Patrick, and more recently President Truman Theodore Roosevelt believed that "on March 17th everyone wants to be a McSomething."

When the day comes to Baton Rouge, Louisiana, people named Le Blanc, Thibodaux and Fontenot march beside people named Kelly, Mulligan and O'Shea. It's as simple as the first coming of the Irish to the Baton Rouge countryside over 150 years ago. The bright-eyed Irish girls married the Cajun boys and the Celtic

names dissolved into Gallic.

"On this day it's the Irish that will come out, you may rest assured of that," one citizen remarked.

Wherever the Irish and friends parade and dance on March 17 the shamrock, the snake and little pink pgle's are displayed, each from an association with the green isle's patron saint. Botanists say the shamrock may be any one of three possible trefoils growing in Ireland. St. Patrick, by accounts, used one to explain to a pagan king the doctrine of the Trinity.

Meaning Of the Pig

Tradition also says that when Patrick was 16 years old he was kidnapped by pirates and taken to Ireland where he worked for a while as a swineherd. Scholars believe the hard job of minding pigs in the Irish woods produced the physical strength he needed in

future labors. He is credited with founding 365 churches, many schools and with organizing at least one archepiscopal see.

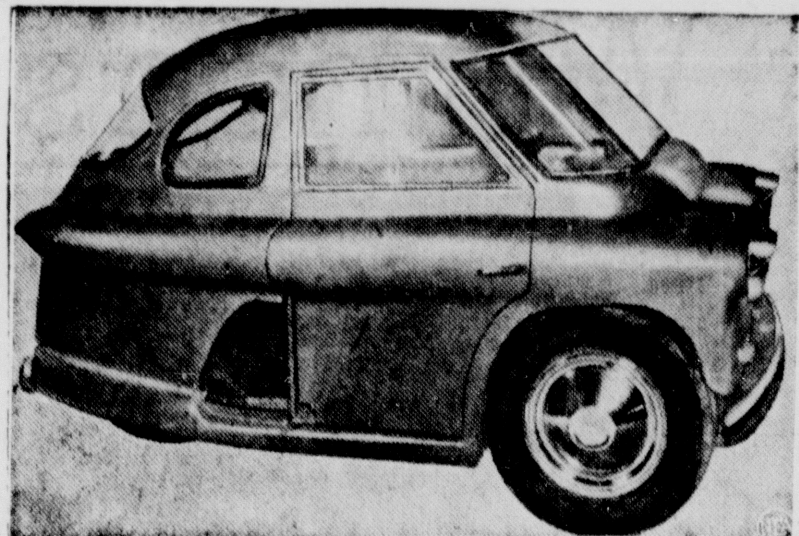

Only a harmless little grass snake is said to live in Ireland. Science maintains that if poisonous snakes were driven out it was by the inhospitable ice age. But song and story persistently credit the saint with the marvellous feat, as in this example:

"There's not a mile in Ireland's isle where the dirty vermin musters;

"Where'er he put his dear bare-foot he murdered them in clusters.

"The toads went hop, the frogs went flop, slap dash into the water.

"And the beasts committed suicide to save themselves from slaughter."

SPORTY SHORTIE—This three-wheeled auto with a three-passenger plastic body gets 41.5 miles per gallon of gas and can speed along at a 65-mph. maximum. The vehicle, called a Tri-Car, was shown at the Universal Travel and Auto Sports Show in New York City. It is 117 inches long.

Jap Bomb Victims To Get Better Care

TOKYO (AP)—The Japan Red Cross plans to build hospitals to treat atomic afflictions at Hiroshima and Nagasaki, the only two cities to suffer an atomic bombing in time of war.

The Red Cross estimates there are 9,000 Japanese in the two cities who still suffer from effects of the bombing and are not properly cared for.

Funds are being raised to build one hospital this year and a second in 1956. About \$75,000 is on hand. It is estimated the hospitals will cost \$130,000 each.

Silver Wedding Party Given For George Kositzky

Mr. and Mrs. George Kositzky, 1024 Sheridan Road, whose marriage took place in Escanaba 25 years ago, were honored at a silver wedding party at the Teamsters Club, 1229 Sheridan Road, Saturday evening.

Representative Einar Erlandsen was master of ceremonies of the program which opened with the wedding march played by Leah Birchen, and an invocation by Donald Nelson, student pastor of Bethany Lutheran Church. Mr. and Mrs. Kositzky are members of Bethany. The numbers included accordion selections by Sharon Collins, guitar numbers by Arnold Levesque, a skit by Worthley Magnuson and a talk by Mrs. Rudolph Larson.

Messages of congratulation were read by Mrs. Erlandsen and the honor guests were presented with silver gifts and a purse.

The club decorations and the table centerpiece of cut flowers were in a color theme of silver and blue.

Those attending included Douglas Wills of Chicago and relatives and friends from Gladstone, Cornell, Stonington, Hyde and Escanaba.

Hostesses were Mrs. Adolph Franks, Mrs. Einar Erlandsen, Mrs. Olga Kasten and Mrs. Minnie Bjorkquist.

Mr. and Mrs. Kositzky were married March 1, 1930 by the Rev. Christian Doehler of Salem Lutheran Church. Their attendants were the late Mrs. Donald Gust, who was Edith Major of Gladstone, and Ragnar Beck, former Escanaba resident, who now lives in Long Beach, Calif. Their family includes two daughters, Joyce and Joan at home and a son, Harold, who is serving with the armed forces in Germany.

Personals

Mr. and Mrs. Alfred Casey and Mrs. Wesley Casey of Wells and Gilbert Stendahl, 1504 Stephenson Ave., returned last night from Kaukauna, Wis., where they attended the funeral services for Mrs. Oliver Casey who died Sunday.

Mrs. John Kintziger, 423 S. 14th St., and Mrs. Walter Schermer of Shafter have returned from Milwaukee where they attended the ceremonies at Misericordia Hospital School of Nursing at which Miss Judith Schermer was capped. Judith is a daughter of Mrs. Schermer and a niece of Mrs. Kintziger.

Miss Marilyn Tilbert, 1420 12th Ave. S., left today for Chicago where she will visit with Mrs. Anna Dambrauskas over the weekend. While there, she will also visit her fiancé, Leo Ladonsky, who is employed there.

Add a dash of ground cumin seed to your chili con carne if you want to give this hearty dish a professional touch.

Women's Activities

THE WORLD FAMOUS DePaur Infantry Chorus will return to Escanaba Friday evening to present the second concert of the Delta Community Concert Association's current season at William W. Oliver Memorial Auditorium. The concert will begin at 9:15 instead of the usual hour to permit Association members connected with Escanaba business places to attend.

Panel Friday In Observance Of Camp Fire Week

The Nowetompattim Group of Camp Fire Girls will celebrate the 45th birthday of the organization Friday, March 18, as a part of the observance of National Camp Fire Girls Birthday Week. Featured will be a panel on the national birthday project, "Let Freedom Ring." It is based on a study of the Bill of Rights and its particular significance today and on a study of the lives and principles of the country's founders.

Participating will be Patricia Benzing, Jean Haddock, Mary Flath, Mary Louise Johnson, Mary LaPorte, Janis Snow, Judy Walsh, Sandra Hagman, Sheryl Haddock and Jean Niles.

The girls currently are working toward woodgatherer's rank which participation in the program will assist them to achieve.

Mrs. Adolph Johnson is group guardian and Mrs. Edward C. Olsen is its sponsor.

The panel program will be heard over WDBC, Escanaba, at 9 a. m. Friday.

Now Everybody Can Wear Orchids

NEW BRUNSWICK, N. J. (AP)—Science and competition have brought the orchid out of the mink coat and caviar class and into big business.

Dr. O. Wesley Davidson, director of orchid research at Rutgers University's College of Agriculture, says the exotic tropical flower has displaced the rose as the top seller in New Jersey.

Before World War II, Davidson says, the state produced more than half of all the orchids in the United States. Now the state grows even more, but its proportion of the national market is only 33 per cent.

The reason: competition from other growing areas, notably California and New York state.

Feeling this competitive pinch, New Jersey orchidmen asked Davidson to set up an orchid research program. As a professor of ornamental horticulture, he heads up research of many flowers, such as roses, carnations, geraniums and gladioli. He added orchids to the list in 1945.

Frozen, canned, ready-squeezed and fresh orange juice are all an excellent source of vitamin C. What kind do you buy should depend on your family's taste and your food budget.

Social-Club

Do-Si-Do Club Meeting
The Delta Do-Si-Do Club will meet Saturday at 8:30 p. m. at the Webster School.

Three G's

The Three G's Home Extension club met last evening at the home of Mrs. Arthur Berndt, Groos. During the short business meeting, next year's program was discussed by leaders, Mrs. Berndt and Mrs. Nestor Erickson. Mrs. Harry Johnson became a new member of the group. During the social hour, Mrs. Charles Oslund led the group in games. The next meeting will be held at the home of Mrs. Percy Clouse in April.

P. E. O. Chapter Meeting Tonight

Chapter Z of the P. E. O. Sisterhood will meet this evening at the home of Mrs. James L. Rouman, 322 Lake Shore Drive. Miss Agnes Leiper and Mrs. John J. Rich will be assisting hostesses. The program will be a book review by Miss Roma Irons.

Nahma

NAHMA—Mrs. Wallace Benette has returned from Marquette where she was a patient at St. Luke's Hospital.

Jon Schuster Wins Top Debate Honors In State At Ann Arbor

Highest honors in Michigan High School debating were won by Jon Schuster, 17, son of Mr. and Mrs. Omer Schuster, 544 Michigan Ave., at Ann Arbor Wednesday afternoon.

Schuster, a senior in Manistique High School, was one of six Michigan seniors entering the finals in Rackham hall at 4 p. m., Wednesday. Tuesday he competed with 20 top Michigan debaters in extemporaneous speaking, on free trade policies for the United States, to win a spot in the finals.

The Manistique student has participated in debating throughout his four years in high school and has been on winning Manistique squads for U. P. championships.

His victory at the University of Michigan makes him the second Upper Michigan student to win the contest in the past 23 years. In 1949 Irving Nelson of

Kingsford took the coveted honor, under coaching for Marvin Fredrickson, who now is debate coach at Manistique High School. Fredrickson was in Ann Arbor with the entire Manistique varsity debate squad, which in-

Elks Tourney Ends Sunday

A total of 54 teams was registered for the annual Upper Peninsula Elks bowling tournament held in Manistique this year, Fred H. Hahne, general chairman, reports. The tournament is the largest in U. P. Elks history, he said, and has been very successful.

The tournament began Feb. 19, and will conclude Sunday. Five teams from Manistique and one each from Sault Ste. Marie, Escanaba and Newberry will be competing.

The standings in the tournament to date are as follows:

Bridge Club
Mrs. Ralph Williams, Lake Shore Drive, entertained members of her bridge club Tuesday evening at her home.
Prizes were awarded to Mrs. Gertrude Morrison, Mrs. Ernest Eckland and Mrs. George Drew. Lunch was served from a table decorated in the St. Patrick's day motif.

cluded Mary Ella Giovannini, who also was entered in the state contest, Robert Corson, Katherine Hall and Loretta Charron. Omer Schuster, father of the debate champion, and Joseph Nelson, MHS student, also were in Ann Arbor for the event.

Schuster, who plans to enter Michigan State College next fall, wins a \$1200 scholarship as a result of his victory. He was scheduled to appear on television Wednesday night.

The group will return from Ann Arbor tonight. Last night they were entertained in Mount Pleasant.

New Machine Is Installed By Paper Mill

Installation of a new machine for refinement of pulp is underway at the Manistique Pulp and Paper company plant here, and initial experimental tests are

scheduled to be run within a week to 10 days, R. G. Hentschell, general manager, reported today. The electrically-powered machine consists of large discs through which coarse pulp will be processed for finer texture, more "freeness" and greater pulp uniformity, Hentschell explained.

The mill Wednesday again began making catalogue stock. During the past few weeks novel stock for children's coloring books was made.

Election Ballots Distributed Here

Ballots for the April 4 election were distributed to clerks in the townships and the city of Manistique Wednesday by County Clerk G. Leslie Bouschor.

City voters will receive three ballots and township voters at least four in the biennial election.

A non-partisan ballot for justice of the supreme court, a referendum ballot, and a ballot for election of regent of the University of Michigan, superintendent of public instruction, and members of the state board of education and state board of agriculture will be given all voters. In addition, voters in each township will be balloting on township officers and in some cases special proposals.

This year 5200 ballots were printed for Schoolcraft county. Applications for absent voters ballots now will be received by clerks. The deadline to apply for them is 2 p. m., Saturday, April 2.

In addition to voting for township officers, residents of two Schoolcraft townships will be asked to vote on special proposals.

Seney township is submitting a proposal for a five mill tax increase for a period of five years to raise additional funds for general township improvements, which include building and repairing sidewalks, streets, wells and repairs on the township hall. Mueller township is submitting a proposal for a tax rate increase of 1½ mills for two years to raise money for the township hot lunch and equipment project.

Seney township now levies 20 mills, including five mills for general improvement, and Mueller levies 21.5 mills, which includes 1½ mills for hot lunch. The tax rates in the townships will remain the same if the additional millage is voted, for taxpayers previously approved similar proposals, which expire this year.

MHS Students Studvina Fish

The biology department of Manistique High School has begun an interesting, timely study of fish, under direction of Rauli Aho, instructor.

The study will include the physical structure of the various species, as well as their digestive, respiratory, circulatory, nervous and reproductive systems. The development of the adult from the egg on through its various stages also will be traced by students.

With conservation material integrated in the study, students also will learn the habitats, geographical distribution, and the economic importance of the many food and game fish found in Michigan waters.

Classes are not restricted to confines of the biology laboratory, but go far afield through films obtained from the Department of Conservation.

Among films to be shown or which have already been viewed by students are "Wild Wings," a study of 56 species of Michigan birds; "Michigan Deer Story," which gives the history of deer here from primitive times to the present; "Better Fish in Michigan," which shows the various phases of fishing in the state as well as the scientific bases for modern program of fish management; and "Great Lakes Invader," a film produced by the U. S. Fish and Wildlife Service telling of the lamprey eel, its life cycle, the harm it caused in the fishing industry, and known methods of control.

MSC's Bell Ringers Will Play March 25

The Spartan Bell Ringers, a new group at Michigan State College, will appear in Manistique High School Friday, March 25, at 10:30 a. m., to offer a unique form of musical program.

Organized in Dec., 1954, the Bell Ringers already have appeared a number of times both on campus and throughout the state. The group performs with a set of English handbells, purchased by the college from the Chapel Bell Foundry in London, a company

which dates from 1570 and is famed as the maker of the "Liberty Bell."

Wendell Westcott, carillonneur and music instructor at MSC, is the organizer and director of the group. He arranges all music for the Bell Ringers program.

Each student rings from two to five different bells in playing their various selections, which include spirituals, folk songs and other types of music. Among selections to be played here will be music by Beethoven, Bach, Schubert, Youmans, Foster, Grainger and Handel.

The concert will be free and the public is invited. The group's appearance in Manistique is one of 13 in a spring vacation tour of Upper Michigan.

Germfask

Ladies' Night

Germfask — The Germfask-Seney Lions Club held a "Ladies' Night" program Saturday night in Lakefield township hall with 75 persons present. The event was planned to show appreciation to wives of Lions club members for their assistance in the two years the club has been organized.

Dinner was served by the West Lakefield Homemakers club, and Louis Hartman, Lions president, and Pat Sadler, secretary-treasurer, spoke briefly. Clyde Tobin led group singing and James Berry the flag pledge. The invocation was by Palmer Lawrence. Leslie Walstrom was program chairman for the evening.

A mock trial with Walstrom as the judge was presented. Others participating were Vern Cummings, who was the prosecuting attorney, Corda Henry, the defense attorney, and (Ike) Harold Gilman, defendant, who was charged with selling, with malice aforethought, a box of lunch not fit for human consumption. The court found the attorney guilty and assessed him costs of \$4.70.

Other entertainment included pantomime numbers by Bill Liephart, of Munising.

A dance followed with William Caffey, Clyde Latsch, Ike Gilman and Leo Musselman furnishing music.

Guests were Capt. and Mrs. C. C. Cox, Capt. and Mrs. L. E. Fekner, and Sgt. Sam Sheppard, of Grand Marais, Mr. and Mrs. Clinton Leonard, of Manistique, and Lt. and Mrs. D. S. Holdman, of Sault Ste. Marie.

New Girl Scout Leaders Named

Mrs. Herbert Krause and Mrs. Norman Saffer have assumed leadership of a newly-organized intermediate Girl Scout troop for 5th grade students in Lincoln school. The new troop brings the Manistique roster to 16, with leaders active in all troops.

Over 200 Girl Scouts and guests attended a rally here Saturday in the Lincoln gym, to mark the 43rd birthday of the founding of Girl Scouting in the United States.

The next major activity for Girl Scouts here will be a court of awards in May.

Interest Strong In Laws Contest

Much interest is being manifested by grade and high school students in the Knights of Columbus essay contest on the subject "Know Your Laws," chairman, Loren LaBrasseur, chairman.

The closing date for registration has been set for March 23 and the last day for submitting essays is April 6. All applications, a coupon for which is published on this page today, must be filed at the office of Matthews Accounting Service, 200 Pearl St.

A committee of judges will examine the essays and award honors and decision of judges will be final. All essays will become the property of the Knights of Columbus, it is reported by LaBrasseur. The writer of the essay judged best will receive \$15, second best, \$10 and third, \$5. Twenty \$1 awards also will be made.

The first, second and third best essays will be submitted to local newspapers, the Northern Michigan Sunday Visitor at Marquette and the national magazine of the Knights of Columbus for publication.

Completed essays may be submitted to the student's school teacher or principal, and should be in sealed envelopes. Members of the K-C committee in charge will collect them for presentation to the judges.

Each contestant will be issued a number which he or she will use in signing the essay. No name is to appear on the composition. Judges will assign awards according to the registrant's number, after which recipients will be determined from the registration list.

Bell Ringers Of MSC Here Mar. 25

The appearance of the Michigan State "Spartan Bell Ringers" Friday, March 25, at 8, at Gladstone High School is a phase of the unique "Cap and Gown Series" of M. S. C.

In its second year of operation, this "Cap and Gown Series" project is designed to provide fine entertainment to Michigan communities. In addition to the Bell Ringers, the men's Glee Club, college band, State Singers, symphony orchestra, ensemble groups, M.S.C. Players, and other student and faculty groups are being offered throughout the state.

This "Cap and Gown Series" is being expanded at M.S.C. under the direction of Durward B. Varner, college vice-president in charge of off-campus education, and Milton E. Muelder, dean of the School of Science and Arts.

"The 'Cap and Gown Series' not only will provide entertainment, but also will give our students an opportunity to receive practical application of the theories they have been taught in the classroom," declares Dean Muelder.

Vice-President Varner declares, "Continuing Education Service has assisted communities with extension classes, school bus driver training, health courses, and many other activities, and now can make another meaningful contribution."

The concert at Gladstone is one of 13 on a Spring-Vacation Tour to the Upper Peninsula.

India Improves Its Eating Habits

NEW DELHI (AP)—India's per capita food consumption is steadily going up, hitting 1,623 calories a day during the past year. A government spokesman, giving the figures to parliament, said the average was 1,398 calories in 1951.

In the United States dieticians say most persons, to be adequately fed, must have between 2,000 and 3,000 calories a day, depending on the amount of work they do.

Michael Stemac Funeral Service Saturday Morning

Funeral services for Michael F. Stemac, 77, longtime resident of Gladstone, will be conducted Saturday morning at 9 at All Saints Catholic Church, the Rev. Fr. Matt LaViolette officiating. Burial will be in the family lot in Fernwood Cemetery.

Friends may call after Friday noon at the Skradski Funeral Home where the body is resting. The Rosary will be recited Friday evening at 8 at the funeral home.

Born in Yugo Slavia Sept. 29, 1877, Stemac came to the United States when a young man and lived first at Milwaukee. In 1910 he came to Gladstone and has resided here continually since. Until his retirement he was employed at the North Western Co-operative and Lumber Co.

He was a member of All Saints Catholic Church, the Holy Name society and the Foresters. Surviving are seven children: namely Frank, Mrs. Henry (Mary) Bovin, George and Michael Jr., all of Gladstone; Nick of Detroit, Charles of Chicago and Mrs. Ann Griffin of Portland, Ore. His wife passed away in 1931.

Three U. P. Champions Notch Downstate Wins

By JOE FALLS
Associated Press Sports Writer

In a remarkable run of upsets, champions Muskegon Heights (Class A) and Lansing St. Mary (Class B) were knocked out of the state high school basketball tournament Wednesday night, and the list of unbeaten teams was all but erased.

When the quarter-final firing ceased, Benton Harbor and Flint Central emerged as the teams to watch in Class A.

Hitting on 50 per cent of its shots, Benton Harbor ousted Muskegon

SEMIFINAL FOES
Semifinal games in the state basketball tournament Friday night will match Negaunee against River Rouge (15-5), Houghton against Holt (21-2) and Mass against Coldwater St. Charles (16-6).

Heights, the proud Class A ruler, 43-34, while Flint Central broke loose for a phenomenal 37-point second quarter to smother Saginaw Arthur Hill, 93-62.

Long Streak Ends
In Class B, Buchanan ended Lansing St. Mary's 37-game winning streak, 56-52, while River Rouge, the defending "B" champion, kept going with a 67-50 victory over Detroit St. Andrew.

The unbeaten teams battled 500 in Class C. Houghton raced to its 21st win without a setback by topping Charlevoix, 52-49, but Scottville came to the end of its 20-game streak by losing to Holt, 54-45.

The lone unbeaten team in Class D—Spring Arbor—fell before Coldwater St. Charles, 53-54, in a thriller decided by Jim Post's free toss in the final 19 seconds. So the only unbeaten team left

in the tournament is Houghton, while the only champion left is River Rouge.

Buchanan's deliberate, ball-control style of play ended St. Mary's long winning streak, and crushed the Blues' hopes of following up last year's Class C title

Expect Bonus Rule To Stay

By JERRY LISKA
KANSAS CITY (AP)—Despite the commotion over the bonus free throw and stalling this season, college basketball's code for 1956 may remain virtually unchanged.

This was the consensus as some 300 mentors assembled today for the 29th annual convention of the National Assn. of Basketball Coaches.

The college group weighs prospective rules changes for the national basketball committee which meets Sunday and Monday to draw up next season's playing code.

An authoritative source said most coaches felt the bonus free throw—an extra toss for a successful one-shot foul—was an improvement over the previous "one and one" foul setup in which a second toss could be tried if the first one missed.

As for the stalling, the sentiment of coaches seemed to be that the college game is not likely to follow the pro requirement of scoring within 24 seconds of gaining possession.

There is some agitation to widen the college free throw lane from 6 to 12 feet for position purposes to minimize the rebounding value of towering players.

Montreal Fans Furious Over Star's Suspension

MONTREAL (AP)—The tumultuous suspension of Maurice Richard, Montreal's scrappy high-scoring forward, figured to erupt into further fan outbursts tonight as the Canadiens battle the Detroit Red Wings in a game that could pitch the National Hockey League title either way.

NHL President Clarence Campbell banned Richard Wednesday for the remaining games of the regular season and from the Stanley Cup playoffs.

The Canadiens and Red Wings are tied for the NHL lead going into tonight's game as the result of Detroit's 5-4 victory over Boston Wednesday night. Montreal has two more games to play, at home to New York Saturday and at Detroit Sunday. The Montreal games are the only ones left for Detroit.

Poked Linesman
Richard's suspension resulted from a wild night at Boston Sunday. In the melee, Richard laid his stick to Boston's Hal Laycoe and landed a chop to the eye of

linesman Cliff Thompson. Campbell's office reported threats on his life and pleading demands to reconsider. One telephone call warned the president's office would be blown up. Another: "When I find Campbell I will kill him."

The fans dared Campbell to show up at tonight's game. Campbell, who has stood up to the fans before in Montreal, said he'd be there.

Reibel Clinches Win
Detroit players and officials, however, thought Campbell was lenient. Jack Adams, Red Wings general manager, said he thought the ban should have been "at least until Jan. 1, 1956. This is the third time Richard has assaulted an official."

Earl (Dutch) Reibel's 30-footer late in the third period boosted Detroit into the first place tie Wednesday night. Montreal, hoping to snap Detroit's seven-year grip on the NHL title, was idle.

In the only other game, Chicago and New York tied 1-1 at St. Louis.

San Francisco Coach Lists His Worries

KANSAS CITY (AP)—Coach Phil Woolpert doesn't like the idea his San Francisco Dons will be a favorite in the National Collegiate (NCAA) basketball tournament semifinals Friday night.

San Francisco (26-1) rated No. 1 nationally in regular season, will meet the Colorado Buffaloes (18-5) in the second game of the semifinals of the 17th NCAA-sponsored cage meet. The opener will be between LaSalle (25-4) and Big Ten champion Iowa (19-5).

The bookies have San Francisco by 5 points over Colorado and LaSalle a slight favorite over Iowa. Woolpert, whose Dons will be after their 25th straight victory, listed his "worries" this way:

"First, we'll be going against a greatly underrated Colorado which

had to be good to win the Big Seven and the regional at Manhattan, Kan.," he said. "And we are concerned about the physical condition of Jerry Mullen."

Ace playmaker Mullen sprained his right ankle in the Dons' 57-56 victory over Oregon State in the first minute of the regional meet at Corvallis last Saturday.

In event Mullen isn't able to go at full speed, the Dons will have to depend more than ever upon the defensive ability of 6-foot 10-inch Bill Russell who has been key man in making San Francisco the best defensive team in the nation.

Mullen, 6-5 senior forward, has averaged 14.2 points in the Dons' 27 games this winter. He's been second only to Russell who has averaged 21.3.

unofficial points today had the U. S. A. in front with 279.

Leading Rivals
The leading rivals were Argentina, the defending Pan-Am champion, 90-2; Mexico and Brazil tied with 36-2; Cuba, 35; Chile, 27; and Venezuela, 26.

Uncle Sam's track and field men inflicted three more one-two scoring punches Wednesday.

Gold medal winners for the U.S.A. were Lt. Rod Richard in the 200 meters, with a time of 20.7, one tenth of a second over the best in the world; big Bob Backus, of New York, in the hammer throw, with 54.91 meters, or 180 feet 13 1/2 inches, and Barbara Jones, Chicago, in the 100-meter dash in 11.5.

All marks were new meet records.

Placing second were Charley Thomas, of Texas, in the 200 me-

ters; Martin Engel, of New York, in the hammer throw, and Mae Faggs, New York, in the 100.

Wrong Basket
Ralph Coleman, Lansing St. Mary's brilliant center, scored 27 points for his side and two for Buchanan when he accidentally tipped the ball into the wrong basket. Jim Letcher, with 25, topped Buchanan, which previously upset St. Joseph, an eight-time state champion.

In other Class B games, Negaunee tripped Mt. Pleasant, 64-46, as Roger Jennings netted 23 points, and Birmingham - Troy upset Flushing, 50-46, with Jack Acton scoring eight of his 24 points to lead a last-quarter rally.

Houghton kept its Class C winning streak going against Charlevoix as Einer Anderson potted 19 points. Detroit St. Bernard upset Saginaw St. Peter and Paul, 61-53, and Wayland turned back Napoleon, 67-46.

In Class D, Ashley defeated Benton Harbor St. John, 66-54, by gaining a 26-10 edge in free throws; Mass downed Tustin, 74-49, and Mt. Pleasant Sacred Heart outlasted New Lothrop St. Michael, 64-59.

Lions Will Train At Ypsilanti Again

DETROIT (AP)—The Detroit Lions professional football club will train at Michigan State Normal College at Ypsilanti, Mich., again this summer, General Manager Nick Kerbaway said today.

"Rookie Camp," a week-long indoctrination program, will get underway July 25. Team veterans will work out at Ypsilanti until Sept. 8 except for a 12-day exhibition tour, Kerbaway said.

Lopez And Indians Expect To Repeat As AL Champions

TUCSON (AP)—The Cleveland Indians, from manager Al Lopez to the kids acting as batboys in spring training, believe they will repeat as American League champions.

Al expects the Tribe to be stronger than last year. But there are some problems:

1. Will the holdout of batting champion Bobby Avila be resolved? (Lopez has Rudy Regalado, Eddie Joost and Sam Dente to fill in.)

2. Will third baseman Al Rosen return to the form that made him one of the league's most feared batters? Still bothering him is the right index finger he jammed last May.

ters; Martin Engel, of New York, in the hammer throw, and Mae Faggs, New York, in the 100.

The U. S. weight lifting team made it six out of seven first places with a victory in the heavy-weight class by Norbert Schemansky, Detroit policeman.

U. S. Boxer Wins

Ward Yee, an airman from Youngstown, Ohio, gained the bantamweight boxing finals with a semifinal split decision over Chile's Roberto Lobos. He was the only U.S. fighter to see action.

Led by Mrs. Laryne Mealhouse the unbeaten U.S. women's basketball team won its third straight, a 73-53 rout of Chile. Mrs. Mealhouse tossed in 18 points to boost her total for the three games to 50.

In baseball, the U.S. whipped the British West Indies, 12-7.

According to pre-publication announcements made in other papers, Holy Name's John Berrigan has been selected for a first team berth on the all-state Class B basketball team by both the Detroit Times and the Detroit News. Berrigan, top scorer in the Upper Peninsula during the regular season, last week drew a first team berth on the Detroit Times' All-U. P. selections. He's a junior this year.

Two players each from the co-champion Little Seven teams, Powers and Hermansville, were named recently to the league's 10-man honor team. The players were Lloyd LaCasse and John Farley of Hermansville and Jim Sargent and Bill Berg of Powers.

Msgr. David Spelgatti, writing in the current issue of Our Sunday Visitor, Upper Peninsula Catholic publication, makes his annual All-U. P. basketball selections. Named from this area are John Berrigan of Holy Name on the all-class and the Class B teams; John Quinn of Gladstone, the Class C team; Terry Hade of Rock, Class D, and Bernard Newhouse, Nahma, Class E.

Ray Wahowiak, crack Gladstone pin-buster, grabbed top money in the recent 14th annual Sweeper tournament held in Iron Mountain. Wahowiak slammed out a 1025 count to pocket first prize of \$200. Tony Orzel and Phil Brazeau of Escanaba were also money winners along with Mike O'Brien and Tony Gillis of Gladstone and D. Malone of Manistique.

An Upper Peninsula baseball prospect, Vern Jarvinen of Ishpeming, leaves this weekend to report to the St. Louis Cardinal farm organization at Albany, Ga. Jarvinen is an 18-year-old pitcher and infielder with the Ishpeming team in the U. P. League.

DEFENSE, OFFENSE—Above are the stars of defense and offense of the Escanaba Hawks in their semifinal playoff series, in which they eliminated the Calumet Radars two games to one. Joe Nogalo, left, was a brilliant defensive standout. Buddy Provo, right, was a sparkplug on offense, scoring the hat trick twice in the three-game series. Both will be primed for action when the Hawks open the championship playoff series with Canadian Soo at the Marquette Palestra Saturday night and Sunday afternoon. (Daily Press Photo)

Same Old Billy Hoelt Slammed By Athletics

LAKE LAND, Fla. (AP)—Problem Pitcher Billy Hoelt says he's going to do an about-face in 1955 and become a winner for the Detroit Tigers.

But so far — the same old Hoelt. Billy The Kid — who says he is now a man — made his second start of the spring training season Wednesday and was soundly clubbed as the Kansas City A's handed the Tigers an 8-3 setback.

What hurt most was the fact that Hoelt's home run ball was in good (or bad) working order. The slender southpaw gave up four hits in five innings — but two went for homers. In the past two seasons, Hoelt

has been a favorite whipping boy of American League batters. He gave up 24 home runs in 1953 and 22 last year.

Obviously, it's too early to tell whether the Oshkosh lefthander—who is 23 today — will still be plagued by the home run ball. But the A's clipped him with authority Wednesday.

Among the Tigers, shortstop Harvey Kuenn rapped out three hits, including his second home run of the exhibition season. Kuenn's sudden show of power is somewhat surprising, since the brilliant young infielder is not known for his long-ball ability. In 329 major league games Kuenn has hit only seven homers.

right with Kiner going to left. This combination probably won't be as strong defensively as last season's unit.

Battling for outfield jobs are veterans Dave Philley, Wally Westlake and Dave Pope, plus rookie Rocky Colavito, who showed well at Indianapolis.

Mike Garcia of the pitching "big three" looks better this spring than last. He had a 19-8 record and his 2.64 earned-run average was the loop's best. Bob Lemon posted 23-7 and Early Wynn 23-11.

Count veterans Bob Feller and Art Houtteman as spot starters again with the relief combo of Ray Narleski and Don Mossi expected to improve.

Cubs Are High On Sharp Pair Of Youngsters

By ED WILKS
The Associated Press

All things but championships come in pairs at Wrigley Field on Chicago's near North Side, where no pennants wave on the walls of ivy.

It was Larry French and Bill Lee who pitched the Cubs to their 1938 pennant. Hank Wyse and Hank Borowy did it in 1945. Billy Jurgens and Billy Herman once plugged the middle. More recently, it's been Hank Sauer and Ralph Kiner in the outfield and Ernie Banks and Gene Baker on the double play.

Now, it's Bob Thorpe and Hy Cohen, a pair of right-handed youngsters who may breathe some life into Manager Stan Hack's wheezing mound staff.

Best In Minors

Thorpe, 20, hung up the best record in the minors last season at 28-4. He's the first kid ever to jump from Class C to the Cubs.

Thorpe, 6-1 and 170 pounds, just about owned the California State League batters last year while flicking his fast one in for Stockton. He had a 2.28 earned run average, completed 32 of the 33 games he started and hurled five shutouts.

Cohen, 24, had a 1.88 ERA last season with Des Moines, an all-time low in the Western League. The 6-5, 215-pounder had a 16-6 record after returning from service. He started the year at Los Angeles, was 0-0 in nine appearances. Six shutouts, 100 strikeouts and only 53 bases on balls are on his '54 record.

The youngsters showed their stuff for the Cubs Wednesday and although the world champion New York Giants took the game 5-3, they didn't take much from the two kids.

Feller Tosses Win

Thorpe gave up just one hit in three shutout innings. Cohen had trouble with Willie Mays and Monte Irvin but breezed past the rest of the champs. Mays and Irvin both figured in the two runs Cohen gave up. Irvin slapped a bases-loaded single off rookie Al Lary to break it up in the seventh.

Another Giant crew ran into a pair of veteran hurlers in Bob Feller and Bob Lemon and dropped a 6-4 decision to Cleveland. Feller, making his spring debut, blanked the Giants for three innings. Then New York slugged Lemon for three runs and half of their 12 hits in the third.

Brooklyn, which got three hits each from rookie Don Zimmer and Roy Campanella, slammed Baltimore for five runs in the first and five more in the third en route to an 18-8 romp. Philadelphia also had a pair of five-run innings, coming from behind twice to clip Boston's Red Sox 17-12.

Braves Get Gift

And the Milwaukee Braves got five walks and four unearned runs in a five-run eighth to beat the St. Louis Cardinals 11-10.

The Kansas City Athletics hammered five home runs to beat Detroit 8-3. Joe DeMaestri, Bill Stewart, Don Bollweg, Jim Finigan and Bill Renna homered for the A's, two off Billy Hoelt and three off Frank Lary. It was the first spring victory for Kansas City.

The Chicago White Sox scheduled just one game with the New York Yankees this spring and ran off with it 3-1 on the three-hit pitching of Bob Chakales and Sandy Consuegra. Bullet Bob Turley, the young right-hander from the Orioles, again failed to please.

Bob Porterfield scattered five hits through six shutout innings as the Washington Senators beat Cincinnati 7-4.

Gavilan Loses To Bobby Dykes

MIAMI (AP)—"We're going after Bobo Olson and his middleweight title," was the word today from the camp of a jubilant Bobby Dykes.

The lanky ex-Texan whipped Kid Gavilan, the former welterweight king, in a rousing 10-rounder at Miami Stadium Wednesday night. Dykes won the verdict of referee Petye Sarron and both judges with sharp rights and lefts to the Cuban's head. Gavilan appeared to have lost much of his steam and never once threw his famous "bolo" punch.

The Cuban, who admits to being 28 years old, said he had been fighting 18 years but when asked if he plans to retire, answered: "No. I've got three or four years of fighting in me."

It was Gavilan's second defeat in three starts since he lost the title to Johnny Saxton in Philadelphia last October. The victory was Dykes' 100th.

Figure Skaters Defend Crowns

REGINA (AP)—World champions Tenley Albright and Hayes Allen Jenkins successfully defended their North American singles titles in the North American Figure Skating championships concluded Wednesday night.

Miss Albright, 19-year-old student from Boston, had six firsts for the free skating portion of the competition, though she fell twice. Hayes Jenkins, of Colorado Springs received near perfect marks from the six judges for his free skating.

St. Francis May Be Upset Quint

NEW YORK (AP)—Duquesne and Dayton are favored to win tonight's semifinals in the National Invitation basketball tournament, but little St. Francis (Pa.), the people's choice, just might make it tough for the Ohio Flyers.

Duquesne, top-seeded when the 12-team tourney opened Saturday, plays Cincinnati, and second-seeded Dayton plays St. Francis in the Madison Square Garden double-header.

St. Francis hasn't gotten this far in postseason competition since losing the Catholic tourney title to Marquette in 1952.

A year ago, St. Francis bowed in the quarter-finals. But the Frankies and their one-man gang, Maurice (The Magnificent) Stokes, who beat Seton Hall 89-78 and defending champ Holy Cross 68-64 are "up" for this one.

Dayton's Flyers have the height in 7-0 Bill Uhl and 6-9 Johnny Horan. They also have snappy Jack Sallee, who counted 33 points as Dayton overcame St. Louis Tuesday.

Holy Grail Cup Test Rules Out Forgery

MYSTERY—The chalice of Antioch.

AP Newsfeatures
COLUMBUS, Ohio—Publication of a 1941 report from a chemist has added one more item in a long dispute about the Holy Grail. The grail is the cup from which Christ drank at the last supper. It has been sought for centuries and was the object of many romantic quests in the Middle Ages.

When the Chalice of Antioch was dug up in southern Turkey in 1910, some people said the battered inner cup of the 7½-inch chalice was the grail. These claims were later rejected by most authorities. The chalice is now on exhibit at the Cloisters in New York City and the museum officials say only that it is considered an early Christian object of the fourth or fifth century.

But in 1941, long before the museum acquired the chalice in 1950, it was taken to Dr. Earle R. Caley now an Ohio State University chemist. His report has now been published for the first time by the Princeton University Press. It is an appendix to a chapter by James J. Rorimer in "Studies in Art and Literature for Belle Da Costa Greene."

Dr. Caley is widely known for his applications of chemistry to the field of archaeology. He does not say that the chalice is the Holy Grail, but he was able to

refute the opinion that it is a modern forgery. He says he could not take samples for analysis, but based his opinion on studies of the condition of its surface and metal. He considered the possibility that the cup might have been fitted together recently from pieces of old metal and said this was "altogether unlikely." The metal would be unworkable because of its condition, he says.

Michigan has four times as much water-covered area as any other state—11,037 inland lakes, 36,350 miles of streams and 3,121 miles of Great Lakes shoreline.

GOOD FEEDING

by AL JOHNSON

NORTHERN FLOUR & GRAIN
ESCANABA, MICH.

THE TYPE of dairy ration to buy and amount to be fed depends pretty much upon the roughage you've got available. Alfalfa, soybean, clover, cowpea and lespedeza hay are legume roughages of high quality. And they contain substantial amounts of proteins, vitamins and minerals. On the other hand, timothy, prairie grasses, oat hay and corn fodder are non-leguminous and low in protein and minerals. In the absence of legume roughages, supplement with the higher level protein dairy feeds.

up twice daily. Keep clean fresh water before cows at all times. Use heaters to keep water above freezing in winter.

IF YOU WISH to grind and mix according to your own requirements, choose Occident's 32% Dairy Concentrate or 32% Dairy Balancer. This way you make sure your cows get the proper amounts of vitamin "D", minerals and other essential nutrients to supplement your farm-grown grains.

FEED SILAGE when pastures become short during late summer. This will prevent loss in weight and will help hold milk production high during fall and winter months. Winter feeding requires plenty of high quality silage and hay for profitable milk production. If possible, loose house cows and feed hay free-choice along with all the silage they'll clean

WHEN IT COMES to feeding, naturally, the amount of grain needed varies with the weight of the cow, the amount and kind of roughage eaten, and the weight and fat content of milk produced. All the answers to these problems on your farm can be found in the booklet "How to Make Dairying Pay" with its 3-Step Dairy Feeding Plans. Come in soon . . . get your free copy.
